There's a message that rings true in this animated story for all ages: ALL THINGS ARE POSSIBLE. This inspirational, animated tale delivers a spiritual message in a kid-friendly format. It's about a boy, named Blake, who leaves an orphanage. Traveling for days, he begins to lose hope, until he happens on a rundown fruit farm, where wacky characters test and inspire him. Blake leads his new friends to a deeper understanding of Spirit's abundance, as he remembers one of the lessons taught to him by his grandpa: "Let divine Love always give you the grace and strength to do what needs to be done." 36 min. child care afterwards.
