

Kidz Corner

Rodger has been working on Christmas advent curriculum. The four-week series focused on Hope (symbolized by the angel bringing good tidings to Mary), Peace (symbolized by the journey to peace made by the wise men), Love (symbolized by shepherds moving the flocks of conscious thoughts to Bethlehem), and Joy (symbolized by serving God and others with a joyful heart as the central theme of Christmas). One of my biggest Christmas miracles is a wonderful and caring man named Rodger. If you want to up your cool points, go hang out with him and his crew any day during church.

In YOU we have been spending most of our time in December preparing our Christmas play and working on fundraisers, so we can go to rally in February. We have had many laughs in December, while practicing the play. These YOUrs will show up for anything they are asked to do. If everyone in the world "showed up" like they do, there would be no more poverty, lack, or sorrow in the world. The most rewarding thing for me as a youth sponsor this month was seeing some of my kids internalize the wonderful and simple lessons in the "I of the Storm for Teens." Each time another human being puts into practice the principles of peace through non-resistance, all of humanity is moved forward on the path of evolution, and that is what these kids are doing.

If you have been with any of the youth sponsors, you know that we are always smiling and laughing. Laughter is one of God's favorite prayers. It is a prayer that says, "Here I am God, filled with the joy of your Love and Light! Fill me more, so I can wrap it up in a giggle and send it forth into the world!" If you are interested in praying the prayer of laughter and joy, come hang out with Rodger or Tammy. We always LOVE to have assistants in our classrooms, and you may learn something you never knew about Unity or about yourself. Thank you in advance for coming in and investing in our church's future by supporting the youth department.

Namaste, Bonnie
